

New Poultry and Pig Appointment at NSF Certification UK Ltd

Ed Dean has joined NSF Certification UK Ltd, as Poultry and Pig Technical Manager, providing technical and quality support for the Lion Code, Red Tractor Assurance (RTA) Poultry, Pigs and the Environment Agency (EA) Integrated Pollution and Control (IPPC) schemes.

Ed is very experienced in the commercial egg, poultry and pig industries. With a practical background in farm and animal welfare management, Ed's previous role was as a Pig & Poultry assessor for Freedom Food.

Part of his role at NSF will be to support the assessment teams in the field, and to liaise with customers on technical issues on all of the Poultry & Pig Schemes. His practical knowledge will be particularly valuable not only in the assessment support role but also as a reviewer of assessment reports.

Roy Boreham NSF Certification's, Head of Poultry says "Ed will complement an already technically strong and efficient team."
